

# Employer Liability Undertaking Form

Name of the Organization
Name of the Officer of the Company, the Officer
Date

I, (name of individual demanding vaccination) \_\_\_\_\_, the Officer of the (Name of the Company) \_\_\_\_\_, the Entity, am with full authority acting for and on its behalf, running its affairs including managing employees' affairs as well as legal and financial obligations resulting from my decisions.

I attest to having the knowledge of and have obtained legal advice considering ALL laws, rules, mandates, treaties, policies, license requirements for my actions and that of the Entity, including but not limited to risks, benefits and its potential adverse effects, raised by several policy makers, prominent scientists and researchers partially referenced hereunder, to the Employee resulting from my decisions demanding employees of the Entity be vaccinated against what is known as "SARS-COVID-19" with experimental mRNA and viral vector vaccines, NOT approved by the FDA or Health Canada yet mandated by governments of the Province and/or Canada manufactured by Pfizer-BioNTech, Moderna, Johnson & Johnson and AstraZeneca.

I, personally and on behalf of the Entity, its management and shareholders, assume full, unconditional and irrevocable liability for any and all liability, legal and or financial, to our employees, including Mr/Ms \_\_\_\_\_ resulting from adverse effects or death attributed to the experimental vaccine. I agree to undertake the necessary testing, at the company's expense, to monitor for the employee's health. The medical procedure protocol will include:

**1. Baseline Data (pre-"vaccine") Health Status Verification:**

- Complete Medical Examination.
- Extensive Laboratory Test Panel potentially including, SARS CoV-2 Antibody Test or T-Cell (Cytokine Release Assay) Test. D-Dimer / Sedimentation Rate / C - reactive protein / Troponin / CBC (Complete Blood Count) / CMP (Complete Metabolic Panel) / ECG / other tests as may be further identified as appropriate.

**2. SARS CoV-2 "Vaccination" (provisional acceptance, "without prejudice").**

**3. Post Treatment Data (post-"vaccine") Health Status Verification:**

- Examination and labs (similar to above, with modifications as required for the emerging symptom pattern):
  - o Regular Timing Delay: As appropriate for individual tests / Max 14 Days post-

- “vaccine” injection(s)
- Significant adverse effects occurring following the injection – immediate relevant exam/testing.

The above 3-part procedure will be repeated in relation to any subsequent further “vaccinations” taken as a requirement of the Organization.

This undertaking is signed voluntarily and under penalty.
